

Funded by the Multi Donor Fund for Aceh and Nias (MDF), World Food Programme Shipping Service, a module of the WFP Global Logistics organization, established in October 2005, offering the overall total logistics support services to the Humanitarian reconstruction initiatives in Aceh and Nias. Phase two of the operation, the focus is on the Logistics support service (LSU) incorporating cargo handling equipment, Port capacity development and latent cargo forecasting. [www.wfplsuo.org](http://www.wfplsuo.org)

### OVERVIEW - CURRENT OPERATIONS

World Food Programme operations now focus on:

Logistics Support	Providing logistics support & consultancy to private sector and humanitarian organizations operating in the NAD-Nias area; Rental of cargo handling equipment
Training and ports institutional capability	Assessing & evaluating ports & institutional capability, procuring and arranging training for staff located at 18 Ports in NAD - Nias
Identification and quantification of cargo prospects	Providing 'latent' cargo demand forecasting & developing a database of existing and potential cargo, linking port gateways to the hinterland and livelihood projects.

The operation has established offices and equipment located in Nias (Gunung Sitoli) Simeulue (Sinabang) and Banda Aceh (Ulee Lhee, University of Syiah Kuala and Lhoknga)

### Capacity Development

#### Port Training

In May 2009 the Port Training was in recess for the duration of the month in the order to allow for an evaluation period. The Port Training will resume on 08 June 2009. In the meantime one additional classroom to accommodate 20 participants for the English Languages modules for the participants from Nias and Simeulue was set up within the UN Compound in Jl. Jend. Sudirman no. 15 Geuce Inem Banda Aceh.

Additional Class at WFP LSU Office

#### Equipment on the Islands of Nias and Simeulue

WFP LSU in consultation are planning to remove all equipment from the islands of Nias and Simeulue, the

equipment comprising of Manitou all terrain cargo handling equipment and Duramats will be positioned in Banda Aceh in preparation to hand over to an appropriate operation with the Province of Aceh.

#### Lhoknga (Aceh Besar)

Two Manitou forklift units are currently utilized by PT. Semen Andalas Indonesia for use in the cement factory in Lhoknga. In agreement WFP LSU to the middle of July 2009.

#### Malahayati

The new wharf at Port Malahayati is 80% completed. The wharf length: 140m width: 26m with trestle 120m x 9.6m.

Reclamation for open storage area of 72,981 m<sup>2</sup> and retaining wall is still under construction. The building of the Bitumen storage tanks to the rear of the harbour are proceeding well.

Bitumen storage tanks

#### Balohan Sabang

The construction of the new passenger terminal and parking area in Balohan Sabang port are on schedule for handing over in June early July

This new passenger terminal and parking area was funded from APBN Budget.

New Passengers Terminal

#### Simeulue

One Manitou forklift was utilized by Palang Merah

Indonesia (PMI) on 08 – 09 June 09, to assist off-loading of 3x20ft containers onto a truck at the PMI open storage area.

PMI Open Storage

### Nias

480 Duramats are utilized by Help NGO, they extended the renting until the end of August 2009 in support of housing project in Lahusa.

49 Duramat units are being utilized by ACTED, extended their renting until September 2009 in support of their road project.

The use of the versatile duramats linked to projects and movement of construction materials in rough terrain and swamps / wet areas have a definite impact on the on time completion of projects, the laying down of the duramats efficiently establishes an 'all weather road' that allows the unimpeded movement of vehicles and people through the uneven terrain or 'quagmire'.

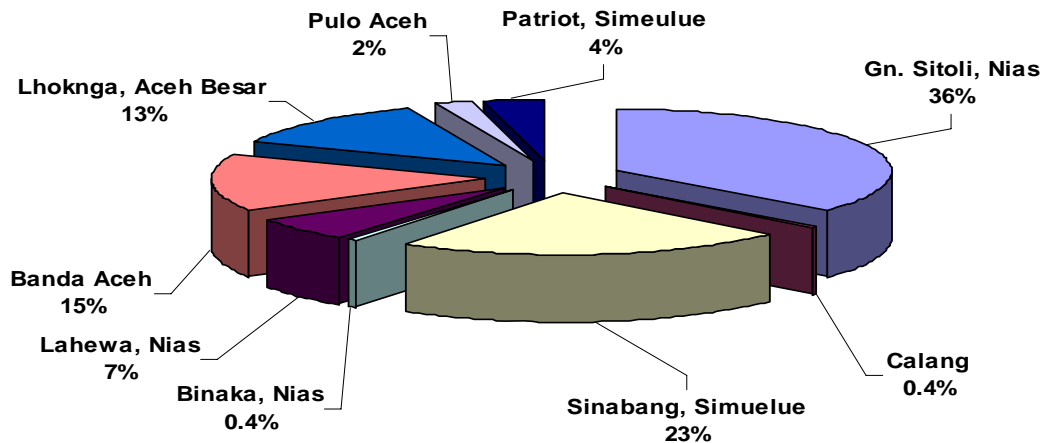

### Cost Recovery

Total No of Invoices Issued:	451
Total Amount Invoiced:	\$2,585,218
Total No of Invoices Settled:	443
Total Amount Received:	\$2,571,956

### Equipment rental

Rental Equipment Requests	
Total Requests in Week 1 of Jun 2009	3
Total Requests in Week 2 of Jun 2009	5
Total Request up to 2 <sup>nd</sup> week of Jun 09	8

### Completed Equipment Rental by Discharging Port as at 15 June 2009

The high percentages of the equipment rentals have been historically on the islands, this links back to the initial strategy to place equipment on the islands.
