

Funded by the Multi Donor Fund for Aceh and Nias (MDF), World Food Programme Shipping Service, a module of the WFP Global Logistics organization, established in October 2005, offering the overall total logistics support services to the Humanitarian reconstruction initiatives in Aceh and Nias. Phase two of the operation, the focus is on the Logistics support service (LSU) incorporating cargo handling equipment, Port capacity development and latent cargo forecasting. [www.wfplsuo.org](http://www.wfplsuo.org)

### OVERVIEW - CURRENT OPERATIONS

World Food Programme Logistics Support Unit operations now focus on:

Logistics Support	Providing logistics support & consultancy to private sector and humanitarian organizations operating in the NAD-Nias area; Rental of cargo handling equipment
Training and ports institutional capability	Assessing & evaluating ports & institutional capability, procuring and arranging training for staff located at 18 Ports in NAD - Nias
Identification and quantification of cargo prospects	Providing 'latent' cargo demand forecasting & developing a database of existing and potential cargo, linking port gateways to the hinterland and livelihood projects.

The operation has closed offices in Nias (Gunung Sitoli) Simeulue (Sinabang) and University of Syiah Kuala (Located in Banda Aceh)

### Dinas Perhubungan SIMOPPEL Training

On 12<sup>th</sup> – 13<sup>th</sup> July 2010, Dinas Perhubungan has conducted SIMOPPEL in house training for all ports in Aceh supported and funded by World Food Programme Logistics Support Unit with theme "Technical Guidelines of SIMOPPEL to Collate Ports Performances Data in Aceh Linked to Latent Cargo Forecasting – WFP LSU".

Inauguration Simoppel Training at Dinas Perhubungan Office

Training has been arranged with Dinas Perhubungan using SIMOPPEL trainers from Jakarta to instruct managers and Data capture staff in the collation, capture and submission of port traffic.

25 participants attended Simoppel in house training from 11 ports in Aceh.

Pilot projects will be established in four ports, where by WFP LSU will position desktops to allow the prototype ports to submit their monthly data, on line and on time, through to Dinas Perhubungan.

To ensure compliance 4 desktops have been placed at Malahayati, Lhokseumawe, Meulaboh and Sinabang with prepaid '**internet flash modems**' that will permit connectivity and down loading to data through to Banda Aceh.

In addition to the desktops, a laptop has been released to the Supervisor at Dinas Perhubungan to assist him/her in their overall function.

### University of Syiah Kuala

On 23<sup>rd</sup> June 2010, all course modules have formally been handed over to UNSYIAH for the sustainability development of the program into their teaching faculties. This was pursuant to their long term vision to be developed by UNSYIAH and to include Maritime and ports studies.

All course material has been placed in "Reference Library Shipping, Maritime and Logistics Centre" located in UNSYIAH Training Centre, the vision is to establish a faculty or a programme titled '**Shipping, Logistics and Maritime Studies**' which UNSYIAH expects to be implement in the near future.

Reference Library Shipping, Maritime and Logistics Centre

### Project Management Unit

Two units of Land Cruiser were formally released to Project Management Unit in Banda Aceh on 28 April 2010, the vehicles were received by Bapak Bastian Sihombing.
